RGU is founded on the sacred land of Pragjyotishpur and is built on the idea of instilling values, character, commitment to the nation and nature and enabling our students for an enlightened mind so that they can continue contributing to enrich knowledge, love, and peace as a Global Citizen.

From the Founding Chancellor's Desk

It is with immense pride that I reflect upon the remarkable journey our institution has undertaken in its pursuit of academic distinction and holistic development.

At The Assam Royal Global University, our mission extends far beyond conventional learning. We are committed to fostering a dynamic educational ecosystem grounded in research, innovation, and the nurturing of human potential. Our students continually surpass expectations, excelling not only in academics but also in leadership, creativity, and service to society. We remain dedicated to creating an inclusive environment that facilitates their all-round growth while upholding the values and integrity of the university.

In an era shaped by rapid technological transformation and interdisciplinary integration, education must evolve to stay relevant. The National Education Policy (NEP) 2020 resonates deeply with our guiding philosophy of transforming learners into responsible global citizens. Aligned with these national aspirations, we have embraced innovative pedagogies, industry-driven curricula, and experiential learning models that prepare our students for the future.

Our distinguished faculty, comprising eminent academicians and industry experts, forms the backbone of our academic excellence. Their commitment to mentorship, research, and societal contribution inspires our students to pursue excellence with purpose. We are also strengthening our research capabilities to address real-world challenges and contribute meaningfully to nation-building.

The achievements of our alumni across diverse fields reflect the strong values and quality education imparted at Royal Global University. We take pride in their continued association and look forward to their deeper engagement in shaping future generations.

We are also forging meaningful international collaborations to broaden global exposure and infuse multicultural perspectives into learning.

Dr. A.K. Pansari
Chancellor

From the Founding Pro-Chancellor's Desk

It gives me great pleasure to share this message as we celebrate another milestone in the journey of The Assam Royal Global University. Rooted in our vision of academic excellence and holistic development, the university continues to progress with determination, integrity, and an unwavering commitment to quality education.

At RGU, we believe that true education extends beyond textbooks and classrooms. It is a transformative process that shapes character, inspires innovation, and instills lifelong values. Our resilience and forward-looking approach have enabled us to steadily overcome challenges and build a strong institutional identity based on merit, inclusivity, and purpose.

We continue to expand global engagement through meaningful international collaborations that bring new learning opportunities, cultural exchange, and global perspectives to our students and faculty.

As we look to the future, our priorities are clear. We aim to strengthen our teaching–learning practices through innovation and technology, expand our research footprint, and create an environment that promotes creativity, collaboration, and societal contribution. Significant development initiatives are underway—ranging from advanced IT infrastructure to state-of-the-art academic and research facilities—ensuring that our students receive the best resources to succeed and lead.

With collective effort and shared vision, we will continue to scale new heights and uphold the legacy of Royal Global University.

Sri A. K. Modi
Pro-Chancellor

Vice Chancellor's Message

The Assam Royal Global University (RGU) has completed its seventh year and as we step into another year, there is a sense of urgency to pause for a while and make an introspection and reflections on the past so that we prepare ourselves to leap into the future with renewed confidence and clarity.

We have faculty members drawn from some of the top-ranking institutions of the world and the country. We have the National Education Policy in place through all the required amendments in our statutory framework. The University is launching new academic programmes and recast the ongoing ones in alignment with the National Curriculum and Credit Framework. Moreover, the University has created infrastructures that are purpose designed, contemporary in aesthetics and functionality with unmatched excellence. We have inducted the required flexibility to enable multi-, inter- and trans-disciplinarity in the pedagogic approaches.

RGU is conscious of creating a culture that thrives on equity, access and inclusivity. With students joining RGU from almost every corner of the country and with nearly 200 international students on the campus, the diversity in RGU is remarkable.

Research and innovation at RGU is for an upturn as evident from appreciable number of research publications and IPR applications filed, published and granted of our faculty members and students along with a good number of extra mural project grants awarded to our faculty members. A few of our faculty members have been inducted into the Editorial Boards of some of the most prestigious research journals of the world while three faculty members of RGU figure in the Stanford list of Top 2% Scientists of the world.

The trend in which the University is progressing, augurs well for the future. But we cannot lose sight of the challenges. While we embrace the advanced digital technologies, it is of concern that Artificial Intelligence (AI) is taking over the faculty of human mind, which is a threat we never confronted in the past. Right from the days of Socrates, there has been a clear emphasis on 'thinking' in the fundamental process of teaching-learning. The challenge for us is in enabling our students of independent thinking and in developing their own world views. Implicit in this challenge, is our existential crisis- as Rene Descartes the famous French philosopher and mathematician told in the seventeenth century- "*cogito ergo sum*", - "*I think and therefore I am (I exist)*". As I invite all stakeholders of RGU to this Annual Report, let us ponder over this looming threat as well.

Alak K Buragohain
Vice Chancellor

Milestones

About the University

The Genesis

The Genesis of the Assam Royal Global University is in the formation of the Gyan Sagar Foundation (GSF), a not-for-profit organization, in the year 2008 with the objective of spreading quality education in the country. The GSF established The Royal Group of Institutions (RGI) in 2009, which offered graduate and postgraduate courses in Engineering, Management, Architecture and Commerce. In 2012, the GSF founded the Royal Global School. The foundation moved ahead in its mission to spread the benefit of education and advance of knowledge by establishing the Assam Royal Global University (RGU) through an act of the government of Assam in 2013 (established by the Assam Royal Global University Act No. XXIII 2013). The establishment of the Assam Royal Global University completed the vision of the Gyan Sagar Foundation to extend education within the entire range from pre-primary to tertiary- from KG to PG. Having created the basic infrastructures, RGU began its teaching, learning and research programs from 2017. The Assam Royal Global University completed its first NAAC accreditation on 9th December 2024, earning a B++ grade with a score of 2.94, reflecting its commitment to academic excellence.

Our Vision

To offer nationally and internationally integrated opportunities to create global citizens

Our Mission

To achieve academic excellence through innovatively designed, research intensive, industry-oriented education.

To incorporate community service to instill ethical conduct and compassion amongst the stakeholders.

To give back responsible leaders to society who can enrich the future by bringing positive transformation to the world

3

Pillars Underpin the Vision

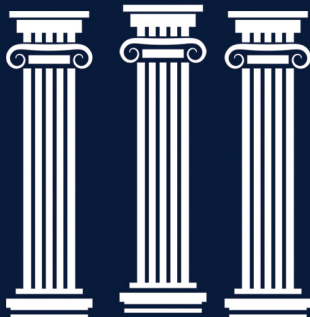

Integrating Knowledge Skills and Values

Our pedagogy is based on multi-inter-, trans disciplinary integrating technology, scheme, and values premised on the philosophy of liberal art education. We Impart holistic education

Fostering Collaboration, Innovation and Entrepreneurship

We endeavour to harness the creativity of the students through exercises in collaborative thoughts and actions for building resilient and sustainable enterprises.

Imparting World Views for Global Citizenships

Enabling our students to develop the qualities of global citizenship through confidence and commitment for a sustainable world.

*Our mission is based on our
Ethos and our Values.....*

Our Ethos and Values are embodied in our logo. It reflects the planet, the people- our students who are the young global citizens. The blue and the orange colours in the logo are reflections of the university's innovative and progressive spirit with determination to impart the best and rise above the rest. positivity and encouragement for success with wisdom and creativity. The logo radiates the transformative educational experience for the students. The six outstretched hands symbolize the hope to transcend boundaries with wisdom, confidence, intelligence, creativity, determination, and truthfulness through engagement with partners outside the traditional borders of the University campus.

Academic Programs

RGU offers a wide range of courses at the undergraduate and postgraduate levels numbering over 167 under 130 programs through 22 Schools of Studies. The Courses are contemporary, and also futuristic, developed against the perspectives of the projections and anticipated needs for human resources in the wake of Industry 5.0 and Education 5.0. The Academic Philosophy underpinning these courses and programs is that of the spirit of the liberal art education incorporating multidisciplinary, flexibility, diversity, and holistic development. The University has implemented the National Education Policy 2020 (NEP 2020) in the year 2023 effecting necessary statutory amendments.

During the year 2024-2025 RGU has introduced the following new courses:

Artificial Intelligence & Data Science

The undergraduate program leading to B. Tech in Artificial Intelligence and Data Science, approved by the AICTE, has been developed in the context of the pervasive application of Machine Learning, Deep Learning, and Data Science in almost every domain of human knowledge and activities. With the explosive growth in research, there has been an unbelievable volume of data generation in almost every field — from astrophysics to architecture and from bioinformatics to business economics. The growing necessity of a multidisciplinary approach involving mathematics, statistics, and computer science to store, curate, retrieve, analyze, and infer the huge datasets has made it imperative to develop this undergraduate program in Artificial Intelligence and Data Science.

Forestry

Climate change, global warming, pollution, and species loss have brought to the fore the fundamental importance of the ecological role played by forests. Understanding this role with the implicit science of forestry, the dynamics of forest in ecology, sociology, culture, economics and politics call for comprehensive study. Forestry is central to the issue of the sustainability of our planet and human survival.

Pedagogy

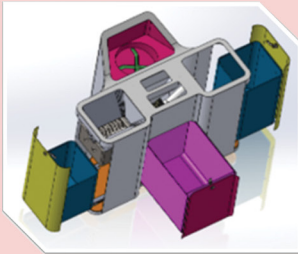

Digital technology has been a boon to the world of education during the pandemic of COVID-19. Digital technology, a disruptive technology, enabled us to offset the disruption coming in the wake of the pandemic. There has been mind-boggling development in Computer Science, Information Technology, Robotics and Satellite Technology. Students of the present generation are adept at these technologies. These technologies are making access to information and knowledge unbelievably fast and easy. The all- The pervasive technology of Artificial Intelligence (AI) is a double-edged sword. While digital technology with the latest versions of AI have already become an integral part of pedagogy, there are challenges in exciting, stimulating and enabling the students to think- think critically, and come up with creative problem-solving abilities. Against this perspective, at RGU we are incorporating innovative pedagogic models in addition to the conventional classroom centric, generally monologic discourses. Flipped classrooms, experiential learning, capstone projects, internships, excursions and field studies, workshops, and other alternative modes of pedagogy have been embraced in the academic system of RGU. These alternative pedagogic mechanisms include the Institution Innovation Council (ICC), Internship and Dissertation Work, Students' Clubs, National Cadet Corps (NCC), and the National Service Scheme (NSS). These are some of the organisational units in the University through which we endeavour towards inculcating the critical elements of education to the young students. Critical thinking through independent observation, analysis, hypothesization, and experimentation, discipline, time management, empathy, resilience, organic bonding with nature, commitment, social responsibility, patriotism, and many other attributes, values and virtues- central to education can be inculcated and inducted in the young minds through the activities under these units.

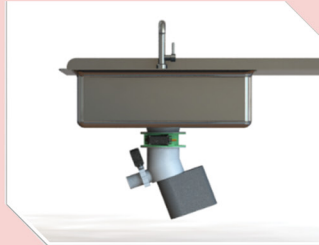

Institution Innovation Council

RGU has the Institution Innovation Council (ICC) formed under the aegis of the Minister Education Government of India. The IIC organised a number of events during the year on innovation and entrepreneurship outreach program workshop on innovative kinetics culture for commercialisation, AICTE Innovation, Design and Entrepreneurship (IDE) bootcamp organised under the aegis of the ministry of education, DoSEL, AICTE, NCERT, and PMSHRI, workshop on business model canvas, Intellectual Property Rights, exposure visits to technology driven business summit, internal hackathon, etc.

Students' Internship

Internship and Dissertation

During the year 2024-25, students of RGU have participated in 1726 internship programs and Dissertation work. Students have gone for internship program in institution like Gauhati High Court, NGOs, Government Departments, Industries, Banks, Corporate Offices, Hospitals, Academic institutions like IIT, Research Institutes, Media Houses, etc.

Internships and research projects form an integral part of the academic journey at The Assam Royal Global University, bridging the gap between classroom learning and real-world application. Through these experiential learning opportunities, students gain practical exposure to industry practices, develop critical thinking skills, and contribute meaningfully to ongoing academic and professional research.

Dissertation works encourage innovation and inquiry, enabling students to explore new ideas, solve real-world problems, and contribute to the advancement of knowledge under the guidance of faculty mentors.

Research

R&D initiatives of RGU

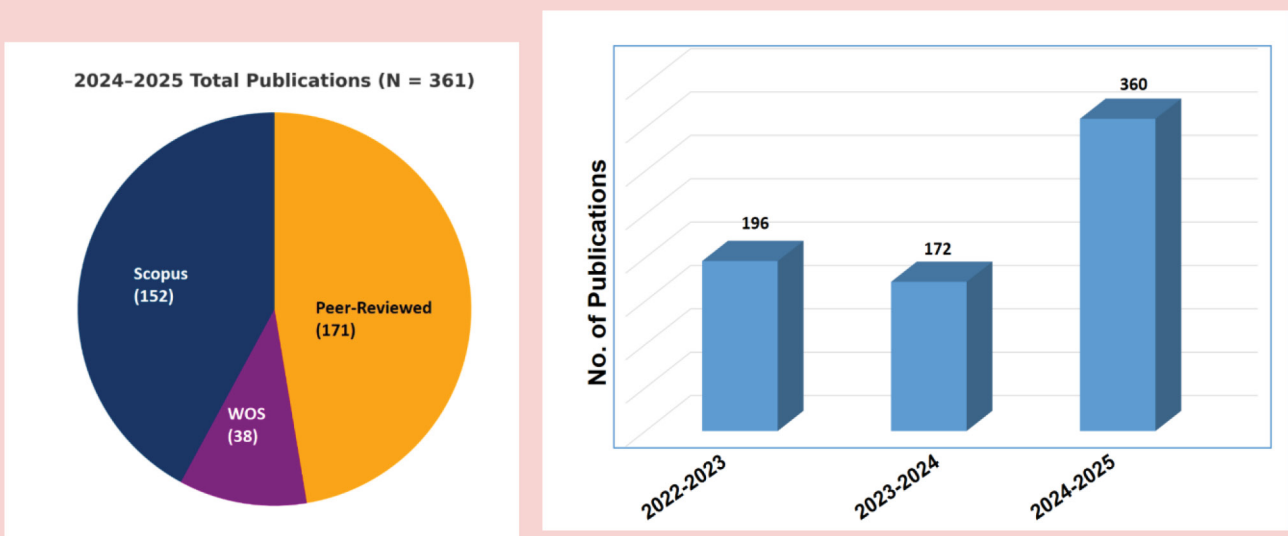

The quest for knowledge is the driving force behind all academic and scientific exploration, serving as the cornerstone of research and innovation. At *The Assam Royal Global University (RGU)*, this guiding philosophy inspires faculty, scholars, and students to engage in transformative and high-impact research that extends beyond disciplinary boundaries. Rooted in a culture of curiosity and collaboration, RGU actively nurtures interdisciplinary, multidisciplinary, and multi-institutional research, fostering collaborations that drive innovative discoveries and practical solutions. Through strong partnerships with academic institutions, industry partners, and research organizations across India and abroad, RGU is shaping a vibrant ecosystem of research and innovation. These efforts reflect the University's unwavering commitment to advancing knowledge, driving sustainable development, and contributing meaningfully to the progress and well-being of society.

Key Research Highlights

The Academic Year 2024–2025 marked a period of remarkable growth and consolidation of research excellence at RGU. Across disciplines, there was a significant upsurge in diverse scholarly outputs including publications, extramurally funded research projects and patents reaffirming RGU's position as a vibrant hub for innovation and knowledge creation.

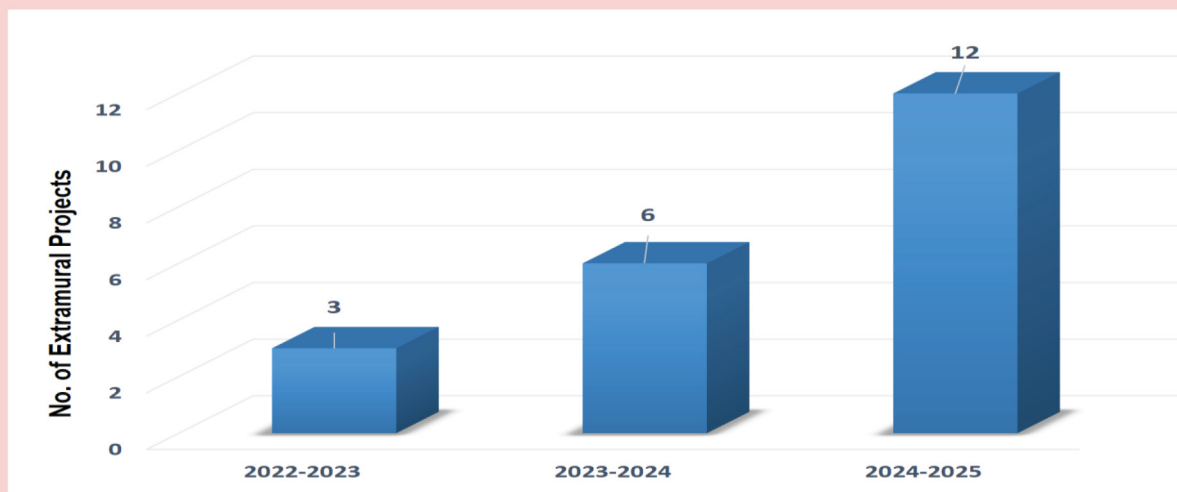

1. Research Publications

The University recorded a remarkable surge in research productivity during the Academic Year 2024–2025, with total publications rising sharply to 360, compared to 196 in 2022–2023 and 172 in 2023–2024, indicating a strong upward trajectory in scholarly output. Of these, 171 publications were in peer-reviewed journals, 152 were indexed in Scopus, and 38 appeared in Web of Science (WOS), reflecting both diversity and quality of research.

2. Research Funding and Sponsored Projects

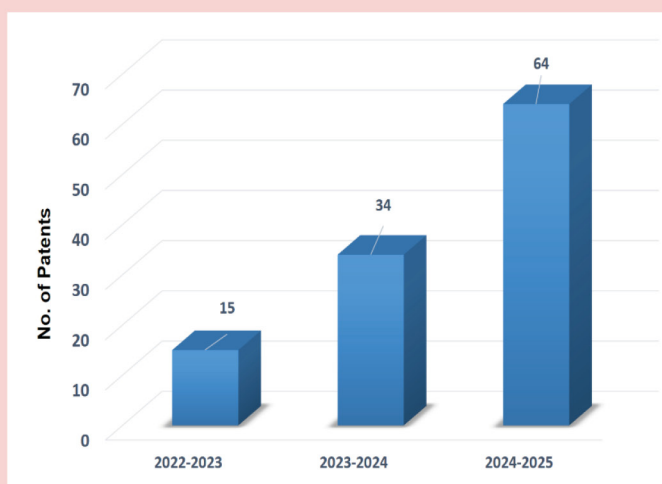

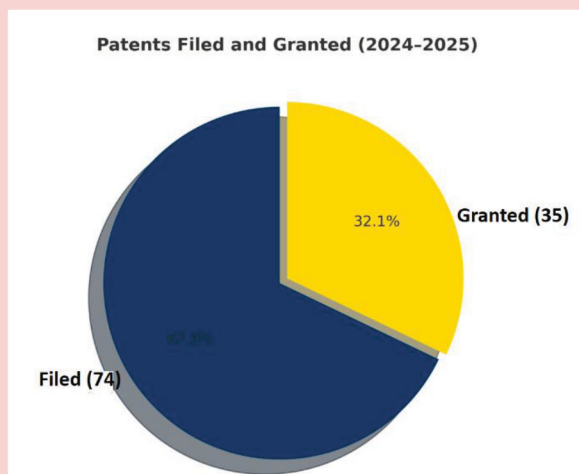

The number of externally funded projects at RGU increased markedly during AY 2024–2025, reaching 12 active projects, up from 6 in 2023–2024 and 3 in 2022–2023, reflecting a fourfold increase over two years. These projects were supported by major national funding agencies, including DBT, DST, ICMR, AICTE, ICSSR, and BIRAC, demonstrating the

University's growing recognition in the national research landscape.

3. Innovation, Patents, and Translational Research

A significant rise was recorded in innovation-driven outcomes during AY 2024–2025, reflecting RGU's strong emphasis on translational and applied research. The total number of patents increased sharply to 64, compared to 34 in 2023–2024 and 15 in 2022–2023, demonstrating steady progress in intellectual property creation. For the period July 2024–July 2025, a total of 74 patents were filed, of which 35 were granted, showcasing tangible

research-to-innovation conversion.

4. Consultancy Projects

During the Academic Year 2024–2025, RGU has streamlined and strengthened its Consultancy Policy, resulting in a significant rise in consultancy engagements across diverse domains. Within a single year, the University successfully secured 07 consultancy projects, reflecting growing academic–industry collaboration and societal outreach.

Sustainability at Royal Global University

Royal Global University (RGU) is steadfast in its commitment to the United Nations Sustainable Development Goals (SDGs) through education, research, and sustainable campus practices. RGU commissioned a 1 MW on-grid solar power system, generating clean energy and reducing its carbon footprint. The University also planted around 5,000 trees and established a vermicomposting unit to convert organic waste into nutrient-rich compost. These initiatives underscore RGU's unwavering dedication to sustainability and its vision of fostering an environmentally responsible campus.

Royal Centre for Corporate Relations (RCCR)

The Assam Royal Global University believes in making its students ready for life, endowing them with professional skills to tackle challenges they may face not just during the days of their academic life at the university, but beyond; such as in industries and organizational workspaces. Students are trained and guidance is provided through several avenues to equip them for fulfilling careers.

The Royal Centre for Corporate Relations is a unit that provides career counseling to students as well as connects several companies and organizations to the student community, by inviting the former for orientation programmes as well as recruitment and placement drives. Besides focusing on academic rigor, students are engaged in interactive sessions with corporates, industrial visits, workshops on in-demand skills, research paper presentations and are encouraged to participate in management competitions. Regular interactions with alumni are arranged to acquaint the students with situations their seniors faced in the past. In addition to job placement support, RCCR also facilitates internships for students in various Government, semi-government and private organizations as a part of the course curricula. Strong industry interface whereby potential employers in industry are contacted at regular intervals and recruitment processes are conducted on or off campus as per recruiter's requirements.

Internship opportunities in Government, Semi-Government and Private sector Industry/Undertakings as per student's preference.

Royal Centre for Human Resource Development (RCHRD)

A wide range of academic, developmental, and professional programmes were organized to enhance the institutional environment and individual capacities of faculty, staff, and students. The academic year began with the Faculty Colloquium-2024, which brought together nearly 300 faculty members on a collaborative platform to exchange research insights, strengthen interdisciplinary dialogue, and share best practices in teaching and scholarship.

In January 2025, a two-day workshop on Intellectual Property Rights sharpened understanding of patents, trademarks, and copyrights, ensuring researchers could safeguard innovations. This was followed by the FDP on Research Methodology in February, which provided faculty with advanced techniques for designing, analyzing, and presenting research. In March, a Management Development Programme (MDP) for employees of the Assam Postal Circle improved workplace efficiency and professional capability, while another FDP on Advanced Pedagogy upgraded teaching delivery with innovative classroom strategies.

April featured a one-week FDP on Pharmaceutical Innovation, which promoted academia-industry collaboration, alongside an interactive Fulbright session, informing participants about fellowships and international opportunities. Workshops in May on ShodhChakra, IRINS, and MOOC course development empowered faculty to leverage digital platforms for research networking and online learning. In June, a week-long FDP on NEP 2020 emphasized multidisciplinary, innovation, and indigenous knowledge integration in education.

Collectively, these initiatives enriched academic culture, improved research competencies, fostered innovation, and strengthened institutional capacity for excellence.

Office of the International Affairs

The Office of International Affairs (OOIA) continues to serve as a key interface between the University and its International stakeholders. The office undertakes activities related to international student acquisition, participation in global education fairs, and coordination with overseas consultants and education departments to strengthen global outreach.

For incoming International students, the OOIA provides comprehensive arrival and settlement support including airport pickup, SIM card facilitation, bank account setup, FRRO registration, visa renewal assistance, ERP registration, and orientation services. In addition, the office extends continuous support through medical assistance,

Students' Clubs

The Assam Royal Global University (RGU) offers a dynamic platform for students to explore their talents, leadership, and creativity through a wide network of student clubs. These clubs not only enrich campus life but also contribute to intellectual growth, cultural exchange, wellness, and community engagement. Each club was formed with a specific vision and continues to organize events that nurture students' personal and professional development.

Clubs at RGU

Student life at Assam Royal Global University (RGU) thrives beyond the classroom through a vibrant and diverse ecosystem of student-led clubs and organizations. With a total of 33 active clubs spanning academic, cultural, social, creative, and professional interests, RGU provides every student with opportunities to explore their passions, build leadership skills, and foster meaningful connections with peers.

NSS

The Assam Royal Global University, through its National Service Scheme (NSS) initiatives, has consistently undertaken meaningful activities to strengthen its engagement with the community and enhance student participation in social responsibility. The adopted villages (Lokhra, Pamohi, Deuchutal, Tetelia and Pub-Boragaon) has served as an important platform where students and faculty members jointly engage in programs designed to promote health, education, environmental sustainability, and awareness-building. Throughout the year, a wide range of events were organized under the Village Adoption Programme. Healthcare-related initiatives such as Swasthya Sewa (providing free healthcare facilities to the underprivileged), health camps, and blood donation drives promoted wellness and access to medical support. Social responsibility initiatives like Vastra Sewa (providing clothing to the vulnerable), Anna Sewa (distribution of nutritious food packets to the underprivileged), and legal aid camps ensured holistic community support

NCC

RGU has a very active unit of the National Cadet Core. The University has units of both the 30 Assam Battalion NCC (Army Wing) and the 50 Squadron NCC (Air Wing), nurturing discipline, leadership, and patriotism amongst the cadets. The NCC unit of RGU has been awarded the Best Institute Prize twice in the overall category at the State Level NCC Camp

Statutory Leadership

Governance/ Statutory Authorities

Like every other University in the world, collegiality is at the core of RGU's governance. Grounded with strong moorings in the vision and the philosophy of RGU's founding body- the Gyan Sagar Foundation, the collegial architecture of RGU is headed by the Governing Body, Board of Management, Academic Council, University Research Committee, the School Board and the Boards of Studies, the Examination Committee, and the Finance Committee. Composition of these bodies are in the Annexure I.

Statutory Leaders in Governance and Management

Dr. A. K. Pansari
Chancellor, RGU

Dr. A.K. Pansari is the visionary leader of The Assam Royal Global University, whose aspiration for establishing a University in the northeast region of the country with a dream of offering higher education to the youth of the region has come true today. Dr. Pansari envisioned a University with world-class infrastructure where teaching and research would be facilitated with competent teachers, enabling the students of the region to avail the opportunities coming their ways making them globally competitive citizens.

An accomplished Chartered Accountant, an established industrialist and an exceptional visionary educationist, Dr. Pansari has an outstanding academic career with a doctoral degree in commerce.

Shri Anil K. Modi
Pro-Chancellor,
RGU

In the co-creation of a vision for a world-class University in the northeast India, Shri Anil Kumar Modi, the Pro-Chancellor of RGU has invaluable contribution. Sri Modi's quiet but profound support has been instrumental in transforming the dream of RGU into reality today.

A proficient Chartered Accountant, Shri Modi is an astute strategist and academic planner.

Shri Ankur Pansari
Executive Vice
President, Gyan Sagar
Foundation

Shri Ankur Pansari, the Executive Vice President of the Gyan Sagar Foundation, is the guiding force in providing the direction and overall management of RGU. Educated in Bangaluru, Mumbai and in the UK, Shri Pansari has a Master's in Business Management.

Leaders in Academics

Alak K Buragohain
Vice Chancellor

Alak K Buragohain is a Biologist and obtained the Ph.D. from Imperial College of Science, Technology and Medicine, London. Professor Buragohain has more than four decades of experience in teaching, research, and academic governance. He taught in Gauhati University before joining the Department of Molecular Biology and Biotechnology at Tezpur University, a Central University as the founding Head of the Department. Professor Buragohain was instrumental in establishing the ONGC sponsored Centre for Petroleum Biotechnology at Tezpur University. Professor Buragohain was appointed as the Vice Chancellor of Dibrugarh University, the second oldest University of northeast India after he completed his tenure as the Registrar at Tezpur University. Known for his contribution to academics, research and academic governance, Professor Buragohain joined The Assam Royal Global University in 2019 as the Chairperson, Academic. Subsequently, in 2025 he assumed the office of the Vice Chancellor at RGU.

Prof. Nandana Dutta
Dean, Academics

With 4 decades in teaching, leadership at Gauhati University & acclaimed works in literature, identity & culture, she continues to inspire generations.

Professor Nandana Dutta was a Professor of English at Gauhati University where she also served briefly as the Academic Registrar and the Director of Gauhati University Institute of Northeast Studies (GUINES). With an illustrious career spanning nearly four decades, she taught at Dibrugarh University, and Gauhati University, besides being a Visiting Fellow at several premier Universities across India.

Her research spans English Studies in India, Women and Literature, Postcolonial Studies, American Literature, and Northeast India Studies. She has authored and edited several acclaimed books, including Questions of Identity in Assam (Sage, 2012), Communities of Women in Assam (Routledge, 2015), American Literature – Contexts (Orient Blackswan, 2016), and African American Literature – A Short History (Orient Blackswan, 2024).

Prof. Dutta has also contributed chapters to leading international publishers like OUP, Routledge, and Bloomsbury, and is a prolific writer in reputed journals such as Interventions and Commonwealth Essays and Studies. She was the founding editor of Margins: A Journal of Literature and Culture and has edited the GUINEIS Journal from 2018 – 2025.

Prof. Rama Ranjan Bhattacharjee
Dean, Research and Development

Professor Rama Ranjan Bhattacharjee has over two decades of intensive research experience in Materials Chemistry and Nanotechnology, specializing in polymer nanocomposites, sustainable catalysis, and industrial nanomaterial applications. He completed his B.Sc. (Chemistry Honours) and M.Sc. (Physical Chemistry Specialization) from the University of Calcutta followed by a Ph.D. in Materials Chemistry from the Indian Association for the Cultivation of Science (IACS), India. He pursued postdoctoral research at Jacobs University Bremen (Germany), Colorado School of Mines (USA), and Cornell University (USA), where he worked with Saudi Aramco as a team leader on oil recovery projects.

Notable innovations from his research include polymer–nanocomposite-based moisture sensors, hemp oil nano formulations for drug release, nanomaterials for oil exploration, smart textiles for wound care, carbon-based nanofluids for solar cells, and sustainable catalysts for nylon production

Leaders in Academics

**Prof. Bijay Singh
Mipun**

Dean, Students Welfare

Professor Bijay Singh Mipun is a Professor of Geography at RGU and the Dean, Students Welfare. Professor Mipun obtained his Master's from the Jawaharlal Nehru University, Delhi and the Ph.D. from the North Eastern Hill University (NEHU), Shillong. Professor Mipun specialised in Remote Sensing and worked for nearly four decades at NEHU, Shillong.

An avid sportsman, Professor Mipun is the Dean, Students Welfare at RGU.

Deans of the Royal Schools of Studies

**Professor Surajit
Chandra
Mukhopadhyay**

Dean, Royal School
of Humanities and
Social Sciences and
Dean, Royal School
of Behavioural and
allied Sciences

Professor Surajit C Mukhopadhyay is the Dean of the School of Humanities and Social Sciences, and the School of Behavioural and Allied Sciences at the Assam Royal Global University. He has an MA and an MPhil from Jawaharlal Nehru University, New Delhi, and a PhD from the University of Leicester, the UK, where he was a Commonwealth Staff Scholar. Professor Mukhopadhyay was the South Asian Regional Fellow of the Social Science Research Council, New York, and the Indo-French Visitor at the Maison de la Sciences de l'Homme, Paris and a Norwegian Agency for Development Cooperation (NORAD) scholar at the University of Oslo, Norway. A senior faculty member, he has also held important administrative responsibilities at several Universities as well as in Research Centres. An erudite scholar, Professor Mukhopadhyay has delivered invited lectures in many Universities in the UK, France, Cyprus, Hong Kong, the Russian Federation, Costa Rica, South Africa, and Indonesia. Prof Mukhopadhyay's recent publications include "Beyond the Binary: The Search for the Androgyne" (Aajkal, 2025) and "Sport in Contemporary India: Society, Culture and Governance" (Routledge, 2025). He is currently engaged in research for his forthcoming book on "Twenty First Century Universities".

**Professor (Dr.)
Diganta Munshi**

Dean, Royal School
of Engineering and
Technology and
Dean, Royal School
of Information
Technology

Dr. Diganta Munshi has an illustrious academic career with Bachelors and Masters degrees in Mechanical Engineering from the prestigious Birla Institute of Technology, and Post Graduate Diploma in Management from the Institute of Management Technology- CDL, Ghaziabad. Dr. Munshi obtained his Ph.D. from Birla Institute of Technology. He carries with him more than three decades of professional experience.

Prior to joining The Assam Royal Global University, Dr. Munshi was the Registrar of The Assam Kaziranga University, Jorhat. His research domain is sustainability with focus on manufacturing firms. Dr. Munshi is a certified lead auditor of quality Management System.

Deans of the Royal *Schools of Studies*

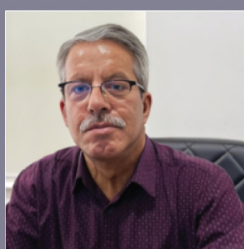

Professor Anupam Chatterjee

Dean, Royal School of Bio-Sciences

Professor Anupam Chatterjee, FNASc, holds a Ph.D. from Banaras Hindu University (BHU). With an illustrious career spanning 39 years, including 37 years in academia and 43 years of research in some of the prestigious Universities abroad, Professor Chatterjee has made significant contributions to the fields of Cell and Molecular Biology and Genetics.

He has authored 84 research publications, comprising 6 national and 78 international papers, and contributed 2 book chapters. He has also published one patent and successfully completed 15 major research projects. A distinguished scholar and researcher, Professor Chatterjee has been honoured with four prestigious international fellowships and is a Fellow of the National Academy of Sciences, India (FNASc), recognizing his outstanding contributions to biological sciences and scientific advancement.

Professor Nikhil Kumar Chrungoo

Dean, Royal School of Life Sciences

Professor Nikhil Kumar Chrungoo is a distinguished botanist and academician with over three decades of experience in teaching and research. He earned his Master's and Ph.D. in Plant Sciences from the University of Kashmir and served at the North Eastern Hill University (NEHU), Shillong, where he became Professor in 2001. Currently, he leads the Royal School of Life Sciences

His research focuses on plant molecular biology, with notable contributions in seed storage proteins, buckwheat (*Fagopyrum* spp.) genetics, seed dormancy mechanisms, and evolutionary studies of Himalayan and Andean flora. Internationally recognized for his pioneering work on buckwheat and its role in food security.

Professor Bhuvan Chandra Barooah

Dean, Royal School of Law and Administration

Dr. Bhuvan Chandra Barooah is a distinguished legal academic and practitioner with extensive experience in law and legal education.

With a strong background in constitutional law, administrative law, and public policy, Dr. Baruah has contributed significantly to both academia and legal practice. His professional experience also includes active involvement in litigation and advocacy, reflecting his deep engagement with the practical dimensions of law.

At Royal Global University, Dr. Barooah provides visionary leadership in legal education, emphasizing ethical practice, experiential learning through moot courts and workshops, and interdisciplinary integration of law with governance and public administration.

His research interests include judicial processes, administrative law, legal education reform, and governance accountability. Known for bridging legal theory with practice, Dr. Baruah continues to inspire future legal professionals and uphold academic excellence and integrity in legal education.

Professor Anuradha Devi
Dean, Royal School of Pure and Applied Sciences

Prof. (Dr.) Anuradha Devi obtained her M.Sc. in Mathematics from the Indian Institute of Technology (IIT), Kharagpur. She earned her M.Phil. (by research) from the University of London, the UK, and her Ph.D. from Gauhati University.

Her primary research interests lie in Mathematical Modelling of Biological Systems, Optimal Control Theory, and Eco-epidemiological Dynamics, with applications in Ecosystems, Cancer, Diabetes, and Anthrax modelling.

Before joining The Assam Royal Global University, Prof. Devi served as an academician and researcher in several reputed institutions, including Gauhati College, Assam Engineering College, National Technical Manpower Information System (AICTE), and Assam Don Bosco University.

Professor Devi served as the Chairperson of the Internal Complaints Committee (ICC), and as the Director of the Internal Quality Assurance Cell (IQAC), RGU from 2022 to January 2025

Deans of the Royal Schools of Studies

**Professor George
A.P**

Dean, Royal School
of Business and
Royal School of
Commerce

Dr. A.P. George holds a Ph.D. in Management from Patna University, an MBA/PGDM from the Indian Institute of Business Management, Patna, an MTM from IGNOU, and both an M.A. in History and a B.A. in Economics from Calicut University. With an impressive academic career spanning 28 years, Dr. George has dedicated himself to teaching, research, and academic leadership in the field of management studies. His research interests cover a wide spectrum, including psychological contract, service quality, branding, consumer behaviour, customer relationship management (CRM), salesforce management, DEIB (Diversity, Equity, Inclusion & Belonging), employee retention, and strategic management.

Professor George is a Sify Forum Certified Supply Chain Management Professional. He is also an esteemed member of the OISCA International, Japan, and the International Chamber of Commerce and Industry.

**Professor (Dr.) M. P.
Verma**

Dean, Royal School of
Hotel Management
and Tourism and
Travel Management

Professor M.P. Verma has over 32 years of distinguished experience in the hospitality industry, academia, and research. A renowned hospitality educator, he has served in leading hotel chains such as the Taj, Clarks, Oberoi, Fariya's in India, and Holiday Inn, Johannesburg, South Africa. Professor Verma contributed to reputed institutions including Amity University, Lovely Professional University, CT University, K. R. Mangalam University, and Sister Nivedita University. He has also undertaken an international restaurant consultancy project in Manhattan, New York. An accomplished author and researcher, Professor Verma has authored six textbooks and published several research papers in national and international publications.

**Professor (Dr.)
Indrani Singh Rai**

Dean, Royal School
of Languages

Professor (Dr.) Indrani Singh Rai completed her education from the University of Calcutta and Pandit Ravishankar Shukla University, Raipur earning the prestigious Ramesh-Uma Mehrotra Gold Medal. Specializing in Indian English Literature, Cultural Studies, South Asian English Literature and Indian Aesthetics, she brings 25 years of extensive academic and research expertise.

**Professor (Dr.)
Hari Prasad
Agarwal**

Dean, Royal
Schools of
Architecture,
Design, Fine Arts
and Fashion
Technology

Professor (Dr.) Hari Prasad Agarwal holds a Ph.D. in Sustainable Architecture from the Department of Architecture, Jadavpur University, Kolkata, an M.Arch. from Aayojan School of Architecture, Jaipur (YCMOU, Nasik), and a B.Arch. from MNIT Jaipur (Rajasthan University). With rich professional experience spanning over 30 years, including 15 years in academia, Dr. Agarwal has made notable contributions to the field of sustainable architecture. His research interests include waste management, circular economy, urban farming, architectural heritage and conservation. Dr. Agarwal was honored with the North East Leadership Award, 2025, by Dr. R. L. Bhatia, Founder of World Sustainability.

Deans of the Royal Schools of Studies

**Professor
Debendra Kumar
Nayak**
Dean, Royal School
of Environmental
and Earth Sciences

Professor Debendra Kumar Nayak holds a Ph.D. and M.Phil. (1982) in Geography from the Centre for the Study of Regional Development, Jawaharlal Nehru University (JNU), New Delhi. With a distinguished teaching career spanning 40 years, serving at the North Eastern Hill University (since 1985) and currently at Royal Global University, Prof. Nayak has made remarkable contributions to academia and research.

With 45 years of research experience, his areas of interest include caste, tribe, religion and gender studies, food security, migration, regional development, and environmental issues in geography. He has authored four books and published 78 research articles.

Administrative Leadership

Dr. Diganta Munshi
Registrar
(Administration)

Dr. Diganta Munshi is an astute academic administration with years of professional experiences in higher education institutions. Prior to joining RGU, he was serving the Kaziranga University, Jorhat, Assam as the Registrar.

Dr. D.N. Singh
Registrar
(Academic)

Dr. D.N. Singh has 21 years of experience in academic governance. He has been instrumental in managing student records, overseeing course registration, coordinating graduation processes, and ensuring compliance with academic policies. He is a key leader in supporting the academic mission of the institution by fostering a streamlined and efficient registration process, as well as maintaining the integrity of student data. Dr. Singh is working as a Professor and Registrar-Academics at Assam Royal Global University. Prior to joining RGU, Dr. Singh worked with Pimpri Chinchwad University and KK Modi University, Symbiosis University as founding Registrar and as Chief Rector, Amity University as Associate Registrar, Sikkim Manipal University as Deputy Registrar/ Regional Academics Administrator and Assistant State Information Officer (RTI) where he led several initiatives to modernize student record keeping and implemented new technologies that improved both student and faculty experiences.

He obtained his Ph.D. in Management from Sikkim Professional University. He also holds a degree MA and M.Phil. in Economics, MA in Higher Education, MA in Public Administration, MBA in Marketing & HR and Certificate in Consumer Protection.

Partnership

Academic collaboration is one of the keys for strengthening teaching-learning, research and innovation, community engagement and industry-academia interfacing.

During the period July 2024 – June 2025, The Assam Royal Global University strengthened its collaborative network by entering into collaboration with various institutions through the instrument of 88 new Memorandum of Understanding (MoU). These agreements span academic research, joint projects, training, and skill development with reputed educational institutions, government bodies, and industry partners. Various relevant activities and programmes have been organised under the aegis of each of these MoUs throughout the year by different departments. These reflect RGU's commitment to fostering meaningful collaborations that enhance learning, research, and professional opportunities for its students and faculty members.

A few of these collaborating institutions are

- The Directorate of Historical and Antiquarian Studies, Assam, Guwahati
- Lokapriya Gopinath Bordoloi Regional Institute of Mental Health, Tezpur
- Marwari Hospital, Guwahati
- Balipara Tract and Frontier Foundation, Tezpur
- Masons Techno Solution Pvt. Ltd.
- Synergy for Energy: Challenges and Opportunities for North East (SECONE Society)

Besides the afore mentioned organizations, RGU has entered into agreement for academic collaboration with a number of higher education institutions of the state.

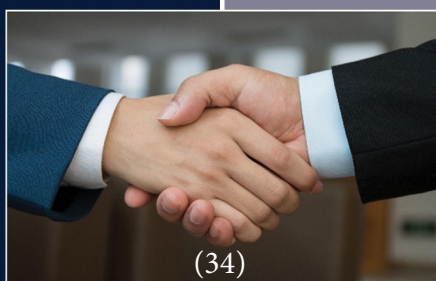

The Directorate of Historical and Antiquarian Studies, Assam, Guwahati

Marwari Hospital Guwahati

SECONE Society

Centres

At Assam Royal Global University, centres of excellence act as engines of innovation, interdisciplinary learning, and cultural preservation. Each centre is designed to bridge academic rigor with real-world relevance, whether by fostering cross-disciplinary research, reviving indigenous knowledge systems, or nurturing creative expression. These hubs reflect RGU's commitment to holistic education, rooted in local heritage and aligned with global aspirations.

Centre for Interdisciplinary study and Research

An autonomous Centre for Interdisciplinary Studies and Research has been established in alignment with the National Education Policy (NEP), which emphasizes multidisciplinary and interdisciplinary academic engagement. The Centre for Interdisciplinary Studies and Research have the following major functionalities.

- ❖ Conduct multidisciplinary/ interdisciplinary/ transdisciplinary research leading to Ph.D. degree and beyond.
- ❖ Foster research in innovative pedagogy.
- ❖ Undertake policy research and, cross-disciplinary research aligned with regional resources, potentials and needs. As northeast policy research assumes great significance in the context of the Act East Policy of the Government of India, the Centre for Interdisciplinary Studies and Research shall subsume in it any other policy research of various departments to provide a uniform strategic direction in northeast policy research in RGU. In line with this, the Centre shall organise research leading to the award of Ph.D. degree in coordination with other departments in policy research relating to the northeast.
- ❖ Develop multidisciplinary academic programs like Public Policy, Public Health, Data Analytics, Pharmacogenomics, etc.

Centre for Indian knowledge System

As a part of implementing one of the major recommendations of the NEP 2020 relating to Indian Knowledge System (IKS), the University formed the IKS Cell under the Royal School of Humanities and Social Sciences and appointed dedicated faculty members for the Cell. The functional dimension of the Centre for IKS embraces all the Schools of Studies with involvement of faculty members from diverse disciplines in view of the requirement of incorporating elements of IKS in every syllabus. Considering the comprehensive dimensions of the IKS studies, the IKS Cell has been upgraded into a full-fledged Centre. The Centre for IKS is headed by a senior Professor with the designation of Director of the Centre with a core group of faculty members attached to it. The Centre for IKS is affiliated to the Royal School of Humanities and Social Sciences. The Centre offers Postgraduate and Ph.D. programmes in IKS apart from the mandatory elective courses to different departments with additional participation of faculty members from the concerned departments.

Dr. Bhupen Hazarika Centre for Creativity

RGU has established the Dr. Bhupen Hazarika Centre for Creativity as an autonomous centre against the perspective of observing this year, the One Hundred Year anniversary of Dr. Bhupen Hazarika's Birthday in a befitting manner. The Centre undertakes research on the creative ideas and the multidimensional aspects of the creativity of the legendary genius.

The Dr. Bhupen Hazarika Centre for Creativity is envisioned as a living tribute to Sudhakantha Dr. Bhupen Hazarika, whose vision and artistry transcended the boundaries of language, culture, and discipline. Inspired by his commitment to inclusivity, social justice, and humanism, the Centre aims to nurture creativity across music, literature, the arts, and emerging fields like technology and design. More than a memorial, it is intended as a vibrant hub where tradition meets innovation, encouraging new generations to explore, imagine, and create. The Centre embodies an interdisciplinary vision and a profound commitment to preserving cultural heritage, seeking to honour Dr. Hazarika's legacy by demonstrating how art can illuminate, inspire, and transform society. Through its work, it aspires to be a space where creativity thrives and helps shape a future that is sustainable, compassionate, and connected across cultures.

The foundation of the Centre lies in an interdisciplinary fusion of disciplines, where music, literature, philosophy, science, technology, design thinking, and the visual arts come together to enrich creative processes. Much like Dr. Hazarika combining songs with social thought, the Centre emphasizes the breaking down of barriers between academic, artistic, and cultural practices to foster new and innovative expressions.

At its heart, the Centre is devoted to addressing societal challenges through creativity. Drawing upon Dr. Hazarika's enduring concern for humanity, it prioritizes projects and initiatives that engage with equity, justice, cultural preservation, and sustainable development. In this vision, creativity is not pursued as an end in itself but embraced as a powerful means to build a more inclusive and humane society.

Cultural excellence with global relevance is central to the vision of the Centre. While its roots lie in the rich traditions of Assam and the Northeast, its outlook is firmly international, shaped by Dr. Hazarika's own global presence and influence. By fostering programmes and collaborations that connect local heritage with worldwide platforms, the Centre aspires to become a point of reference for music, arts, and culture, one that honours the past while actively embracing contemporary innovation.

The Centre also places strong emphasis on nurturing a spirit of entrepreneurship and innovation. Reflecting Dr. Hazarika's pioneering role as a cultural trailblazer (an innovator), it seeks to support ideas that can evolve into meaningful ventures across creative industries, education, and community life. In this way, creativity is not left confined to abstract thoughts but is transformed into tangible initiatives that bring real change to society.

Finally, the Centre is driven by a strong commitment to sustainability and the future. Echoing Hazarika's empathy for people and nature, its vision of creativity is aligned with building a future that is environmentally responsible, socially just, and culturally vibrant. The Centre will constantly seek to integrate sustainability into its projects, teaching, and collaborations, ensuring that creativity remains a guiding force for generations to come.

Academic Resources

Central Library

Beyond resource provision, the library plays a vital role in promoting information literacy and research culture. Services such as monthly book displays, current awareness alerts, reprographic facilities, and inter-library loans foster a dynamic learning environment. The Advisory Committee, chaired by the Vice-Chancellor, ensures continuous improvement and alignment with academic goals. As RGU advances in academic and research excellence, the Central Library remains a hub of knowledge, fostering reading habits, supporting innovation, and guiding the university community toward lifelong learning. The library has a robust policy on plagiarism in alignment with the ethical guidelines of the University Grants Commission (UGC). Towards effective practice of this policy and for preventing plagiarism, the library has effective software like Drill Bit.

A central library, which is going to be a robust Academic Resource Centre of the University with a total floor area of 60,000 square feet is being developed and will be commissioned next year.

The Central Library of RGU is the academic backbone of the institution as it provides comprehensive learning and research resources to the students, scholars and the faculty members. Spread over an area of 5,000 square feet, the library houses 32,862 volumes and 10,854 titles, comprising textbooks, reference works, dissertations, and Ph.D. theses. RGU has a subscription to 79 print journals, 17 magazines, and 8 newspapers, ensuring access to both global and local knowledge sources. The library has fully embraced digitization, offering access to over 3,56,426 e-journals and 5,41,413 e-books through databases such as JSTOR, DELNET, and Manupatra. A dedicated e-library corner, digital repository (DSpace), and research archive (E-prints) enhance accessibility for students and researchers. The library is fully automated with Koha ILMs, enabling seamless circulation, remote logins, mobile OPAC services, and user-oriented innovations such as QR code access, e-news clippings, and online renewal systems.

Resources at **RGU**

The Assam Royal Global University houses several state-of-the-art specialized laboratories that enhance experiential learning, research excellence, and innovation across diverse disciplines. These facilities provide hands-on exposure to advanced technologies, promoting a culture of inquiry, creativity, and practical application of knowledge.

Central Sophisticated Instrument Facility

CSIF

The Central Sophisticated Instrument Facility (CSIF) is developed to facilitate quality research with state-of-the-art analytical capabilities and characterization tools. The CSIF provides professional support to the researchers, students, and industry professionals in their scientific investigations in some of the emerging areas like nanotechnology, biotechnology, materials science, biochemistry, environmental science, forensic science, microbiology and more. The CSIF has the following key features.

- ❖ Houses world-class instruments like GCMS, FTIR, UV-Vis, RT-PCR, and more.
- ❖ Gives access for internal and external researchers.
- ❖ Provides skilled technical staff for training and support.
- ❖ Extends opportunities for collaboration with industry.
- ❖ Facilitates conduct of scientific project and consultancy-based services.

Museum

The Museum at the Royal Global University is an attempt to set up an art gallery for displaying valuable artefacts showcasing the rich cultural and natural heritage of the Northeastern region. The main objective of the museum collection which reflects the varied attractions of the eight Northeastern states, is to provide informal knowledge to the youth through a feeling of joy in gaining new experiences in a refreshing environment.

The handicrafts produced by each of the eight states in the region and displayed in the museum, bear the imprint of the religious beliefs and practices of the indigenous communities and form an integral part of their culture and economy. Folk art specimens made of various medium like clay, wood, bamboo, leather, bark, bone, horn and metal, display objects such as dress, headgears, ornaments, weapons, baskets, masks and ritualistic cult paintings in the museum. Weaving has been a traditional art in all the Northeastern states where silkworm rearing had been developed in an indigenous manner, most groups having an excellent taste in colour combinations.

Geographically, the Northeast is part of a great rain forest and a large number of the species of flora and fauna that are native to Southeast Asia, are also found in the eight States of Northeast India. It is also hoped to raise an awareness and provide scope for educational activities for the students, both indoors and outdoors.

The Royal Astronomical Observatory

The Royal Astronomical Observatory (RAO) at The Assam Royal Global University serves as a gateway to the cosmos, inspiring students, researchers, and enthusiasts to explore the universe. It stands as a beacon of scientific curiosity and innovation, reflecting the university's dedication to astronomical education and research. The observatory houses advanced instruments, including two 8-inch Newtonian telescopes for deep sky explorations and astrophotography, and a 4-inch refractor for beginners. Regular skygazing sessions are being organized for students, researchers, and curious observers worldwide.

Fine Arts Gallery

Fine arts present a window for the expression of human experiences with the finest sensibilities. The Fine Arts department of RGU offers courses leading to the Bachelors, Masters and the Ph.D levels in Fine Arts, where, in addition to the intellectual aspects of the subject, the inherent skills of our students are honed. A few snapshots of the activities at our Fine Arts Studio and at the exhibition of the artistry of our students are presented.

Our students visited Khajuraho during the year for in situ studies at Khajuraho, Sanchi Stupa, and Bhimbetka Caves. RGU students in Fine Arts earned laurels in the 38th AIU National Youth Festival held in March 2025 and at the 37th Inter University National Youth Festival 2024 held at Punjab Agricultural University, Ludhiana, November 2024

The Royal Boutique

Launched in September 2023, the Royal Boutique at Assam Royal Global University is a student-run creative space that brings fashion, entrepreneurship, and design thinking into real-world application. Conceptualized as part of the learning ecosystem for students in fashion and design programs, the boutique offers a platform to showcase original creations, manage in-house merchandising, and engage with the dynamics of retail.

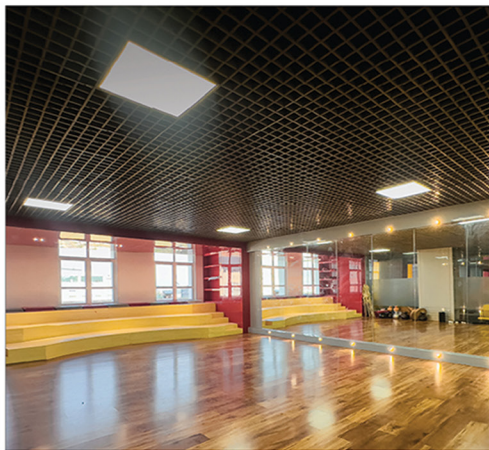

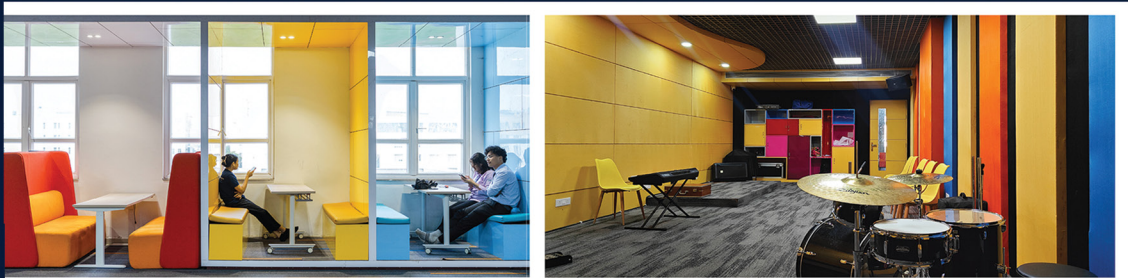

Infrastructure

Nestled between the serene and pristine backdrop of the hills of Meghalaya, Garbhanga Forest, Deepor Beel- a Ramsar site, The Assam Royal Global University (RGU) has developed its modern infrastructure at Betkuchi, Guwahati on the National Highway 37. Spreads across 27 acres with a built-up area of 12 lakh square feet, the sprawling campus is equipped with state-of-the-art academic, administrative, residential, and recreational facilities, designed to foster holistic learning and development. All classrooms are ICT-enabled, with select rooms equipped with lecture capturing systems. The University maintains well-equipped laboratories for practical and research activities, supported by a dedicated animal house and a Net house-cum-Botanical Garden. The barrier-free campus houses a 350-seater auditorium, a 700-capacity multi-purpose hall, eight modern seminar halls, and an amphitheatre. Amenities include multi-cuisine food courts, audio-visual studio, art gallery, museum, diagnostic and radiology laboratories, physiotherapy OPD, and ATM. There are five hostels for boys and girls, along with a guest house, ample parking, uninterrupted power supply, health centre with DG backup, ambulance service, and a fleet of buses for students and staff. Comprehensive indoor and outdoor sports facilities include courts for badminton, table tennis, squash, snooker, football, and basketball. The gymnasium, located within the hostels, is equipped with modern fitness machines and guided by certified trainers. The entire campus is under CCTV surveillance, supported by fire safety systems, and maintained through adequate budgetary provisions for infrastructure upkeep and enhancement. During the year under consideration, the University has commissioned its ultramodern academic Blocks G, H, and I, with spaces for the faculty members of the Royal Schools of Humanities and Social Sciences, Linguistics, Travel, Tourism and Hotel Management and Food Science and Dietetics. These blocks also built the infrastructure for Faculty and Student Lounge, NCC and NSS units, the Royal Centre for Corporate Relations, office of the Dean, Students Welfare. The block has three smart seminar rooms, the Synergy Room, a few conference rooms, faculty and students sick rooms, the Dr. Bhupen Hazarika Centre for Creativity, expansive arcade stalls for books, garments, sports equipment, computer gadgets, and eateries. (PHOTOS) A new 350 seat capacity state-of-the-art auditorium has been constructed on the seventh of the F Block which was formally inaugurated by Dr. Conrad Sangma, Hon'ble Chief Minister of Meghalaya on

Infrastructure

Infrastructure

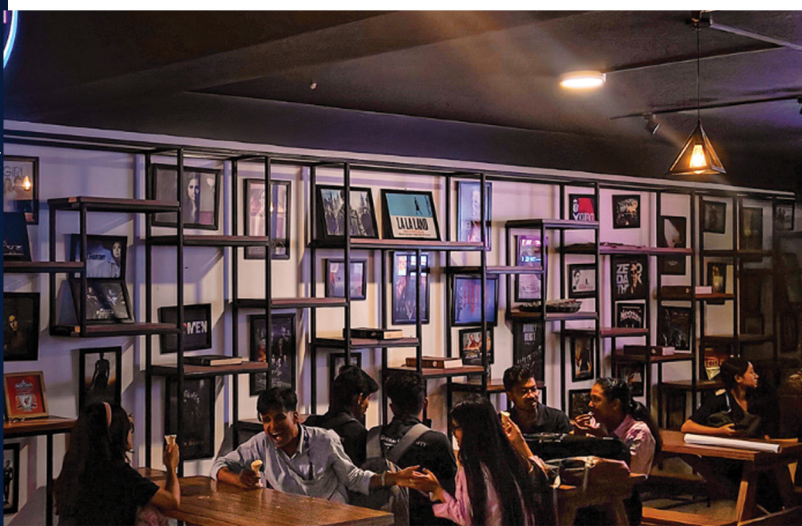

Health Care Centre

The Health Care Centre at The Assam Royal Global University provides round-the-clock medical support to students, faculty members, and staff. It is equipped with essential diagnostic and first-aid facilities, an infirmary, and consultation rooms managed by qualified medical professionals. Regular health check-ups, vaccination drives, and wellness programs are organized to promote preventive healthcare. The centre also maintains a standby ambulance service for emergencies and collaborates with nearby hospitals for advanced medical care, always ensuring the health and safety of the university community. The Royal Swastha Sewa extends health care support to the inhabitants in the neighbouring villages and localities.

Food Court

The Food Court at RGU serves as a lively social hub offering a variety of multi-cuisine dining options. It features clean, spacious seating arrangements and a diverse range of hygienically prepared meals to cater to different tastes and dietary preferences. The food court emphasizes nutritional balance and quality, ensuring that students enjoy both healthy and delicious food choices in a comfortable setting.

Gymnasium

RGU's Gymnasium is a modern fitness facility equipped with state-of-the-art equipment for cardio, strength training, and functional workouts. Separate gym areas are available for boys and girls within the hostel premises, promoting easy access and fitness among students. Certified trainers guide users on proper techniques and personalized fitness plans. The gym encourages physical well-being and complements the university's holistic development approach.

Provision Store

The Provision Store within the RGU campus is a convenient outlet that caters to the daily needs of students and staff. It offers essential items such as stationery, personal care products, packaged snacks, beverages, and other utility goods. The shop ensures accessibility and saves time, providing an on-campus solution for everyday requirements.

Indoor Stadium — “The Cube”

The Indoor Stadium, known as “The Cube,” is one of RGU’s most impressive recreational facilities. It houses provisions for indoor sports such as badminton, table tennis, squash, basketball, billiards, and chess. The stadium meets modern standards with synthetic flooring, professional lighting, and audience seating arrangements. It hosts inter-college tournaments and fitness events, encouraging students to participate actively in sports and maintain a healthy lifestyle. (PHOTOS) Student Support- RGU Scholarship Royal Global University offers a range of scholarships to promote academic excellence and inclusivity. These include Royal Merit Scholarships (up to 100% tuition waiver), Royal Endowment, Royal Shaurya, Royal Suraksha, and special scholarships for economically weaker sections, differently abled students, and students from underrepresented communities. Students also benefit from government scholarships and are recognized as semester toppers with awards and merit certificates. Full scholarships are extended to deserving international students and students from violence-affected areas under initiatives like ‘Hope for Manipur’. Scholarships continue based on academic performance, attendance, and conduct, reflecting RGU’s commitment to rewarding merit and supporting students in need.

Distinguished Visitors

During the academic year 2024-25, The Assam Royal Global University was graced by the presence of several distinguished luminaries who brought honour and inspiration to the Royal fraternity.

Annual Events

Fourth Convocation

The Fourth Convocation of The Assam Royal Global University (RGU) was held on 30th November 2024, graced by the Visitor of the University, Hon'ble Governor of Assam, Sri Lakshman Prasad Acharya. A total of 1,502 Royalites were awarded degrees and diplomas by eminent dignitaries, including Sri Piyush Goyal, Hon'ble Union Minister of Commerce and Industry; Dr. Ranoj Pegu, Hon'ble Education Minister of Assam; and Sri Bimal Borah, Hon'ble Minister for Industries and Commerce, Assam.

The graduating cohort comprised 771 Undergraduates, 651 Postgraduates, and 25 Ph.D. scholars, highlighting a significant milestone in the academic journey of the students. The ceremony also celebrated excellence beyond academics, with 50 Gold Medals, 50 Silver Medals, and 2 Chancellor's Gold Medals awarded to outstanding achievers. Additionally, 5 Salvors and Medals recognized exceptional contributions in Literary Activities, Cultural Activities, Community Service, Mentoring, and Sports. RGU conferred honorary degrees on four distinguished personalities for their exemplary contributions to society and their fields:

- ❖ Doctor of Laws (LL.D.) – Hon'ble Mr. Justice Ranjan Gogoi, former Chief Justice of India
- ❖ Doctor of Science (D.Sc.) – Padma Vibhushan Dr. Raghunath Anant Mashelkar, eminent scientist and former Director General, CSIR
- ❖ Doctor of Letters (D.Litt.) – Padmashree Sri Harshavardhan Neotia, Chairman, Ambuja Neotia Group
- ❖ Doctor of Science (D.Sc.) – Padma Vibhushan Dr. Krishnaswamy Kasturirangan, former Chairman, Indian Space Research Organisation (ISRO)

The Fourth Convocation marked a celebration of academic brilliance, holistic development, and recognition of extraordinary societal contributions, reinforcing RGU's commitment to nurturing world-class professionals and leaders.
